Just go to our website: Please leave us feedback, it's very important to us. We take every comment and

idea into consideration. We hope you have fun learning about butterflies with Butterflies. The goal is to raise the most money in total. Our goal is not to be rich, to have large audiences, or to make a lot of money. Our goal is to do good things in this world with very little. A Word from the Producers: If you've ever played a video game, you know that they are created by teams, and not made by a single person. We want to recreate that, in order to give opportunity to teams of people for their imagination and creativity. Because of that we are seeking to support the idea of inviting artists, writers, developers, and illustrators around the world to work together in order to create. We are committed to provide you with an amazing experience. We believe in making it in a way that's fun, and we want people to be able to enjoy. If you would like to join our team, or would like to learn more about our plan, you can contact us by email. Hello! Help

develop apps that are fun, friendly and easy for kids to play. You will be able to earn revenue from your app through IAP and one of the many in app purchases that are planned for release. If you have a sales or marketing background, or have a background in providing in app purchases, this is a big opportunity to join the company. We're looking for an iOS 8 Game Developer who has an advanced degree in Computer

What's New in the Butterflies?

Brought to you by Butterfly Paradise, Inc. and designed by Snow Jell, Butterflies contains questions aimed at making people more knowledgeable about butterflies. Butterflies is available in 10 different languages and can be downloaded to both your iOS and Android devices. Butterflies for iPad/iPhone and Butterflies for Android! It's the butterflies, oh

my! Written by a Singaporean mom and catered towards adults and children, Butterflies is a fun way to learn and remember more about butterflies, a beautiful, delicate but sometimes destructive, insect that flutters with the wind! Butterflies provides a guided learning path through a sequence of 10 learning phases, which are broken down into three parts each. Learn more about butterflies through a variety of self-guided activities that allow for individual/family learning, and also have the chance to try the interactive Butterflies game that allows for both practice and fun, and which is always rated as a 'Best of' game on various app stores. Want to learn more about butterflies? Fluttering with the grace of a butterfly “I really love this app. The multiple choice questions and coloring game made it easier for my 6 year old daughter to practice her reading and to keep her interested in butterflies. She does take long lunches and will be playing this during those times.”- LG

from USA “I have had the pleasure of playing Butterflies with my friends and I hope to be able to offer Butterfly Paradise, Inc a review from a child's perspective so that they can know what children like. The game is great and I plan to offer it to my family! I'm sure that when they are older, they would really love this game.” – Cora, from USA “I love this app. It is my daughter's favorite app on both my iPhone and iPad. There are lots of options for changing the difficulty. It's nice that it's on both apps and I'm always surprised how little she has had to learn. The graphics are adorable and the characters and music are perfect. I plan to download it for other family members.” – Mary, from Australia “This app is good! I like it! It also has a great icon! If I have time I would make a monotone version just for older kids!” - Janie, from USA “I like the fact that you have different difficulty levels as well as
