SAP Client Review by Yeoh Siong Seeuat Email Updates a pervasive pattern of workplace harassment, and affirm on this ground their grant of summary judgment. The attorney's fees awarded to Kline were governed by a fee-shifting provision contained in the Wage and Hour Act. Although as a general rule prevailing defendants are not entitled to attorney's fees, "a prevailing defendant may, in the court's discretion, recover such costs as the court may tax." 29 U.S.C. § 216(b). Since the court did not abuse its discretion by awarding Kline fees, the award must stand. Conclusion The judgment of the trial court is affirmed. Costs of this appeal shall be assessed against the appellants.

NOTES [1] Kline claims that the legislature intended to protect the well-being of the defendant, not simply its freedom from economic loss. Courts have held that a legislative intent to protect the defendant is shown when the statute imposes liability for fear that a defendant will have less of its property or that it will suffer greater injury. See, e.g., Northern Trust Co. v. Bunge Corp., 667 F.Supp. 1091, 1095-96 (S.D.Ill.1987). Kline provides no case or legislative history that stands for the proposition that workers' compensation provides for recovery for emotional distress. Role of tyrosine nitration in the control of the synthesis of the cell wall glycopeptide in Staphylococcus aureus. The correlation between tyrosine nitration of the synthesis of the cell wall glycopeptide in Staphylococcus aureus. The correlation between tyrosine nitration of the cell wall-associated protein A (ProtA) and the synthesis of the cell wall teichoic acid was studied in Staphylococcus aureus. The results show that ProtA tyrosine nitration inhibits the peptidoglycan synthesis. The late synthesis of the teichoic acid, in contrast, depends on the presence of ProtA. Thus, ProtA tyrosine nitration does not play a major role in the control of the synthesis of cell wall components.-----Original Message----- From: "Sherise Paul" @ENRON [IMCEANOTES-+22Sherise+20Paul+22+20+3Csherise+40radioarlington+2Ecom+3E+40ENRON@ENRON.com] Sent: Thursday, September 13
