Download this song mp3. Available on. Lyrics to 'How deep is your love'. Everyone likes a soft drink. No one likes to pay for soft drinks. Which is why they are inexpensive. People with money also don't like to spend money, so they want an alternative. This phenomenon is referred to as "The Coca-Cola Problem." It was first discovered by researchers who analyzed "unsolicited, untargeted" marketing messages. These messages were sent to consumers in response to their request for new products or packages. They found that these messages were addressed to "ordinary people" and "ordinary things," such as "carrots, eggs, chocolate" and "bottles," but the messages "also tended to mention people and things associated with the Coke family." First, they seem to be sending a message that Coke is affordable—"the world's favorite soft drink"—which is what Coke wanted. But the message also is not as subtle as we might imagine. For Coke, it would send a message that goes beyond the basic function of soft drinks: to quench thirst. Coke is taking a risk on the idea that it has value for people beyond quenching thirst and that it has "value" as a "beloved beverage" among its consumers. It seems to be saying that Coke is an important part of the American landscape, and that it has tremendous heft in our lives. Coke wants us to see its branding as a "growing family" that we know and love. This might play well for Coke, but it doesn't play well for consumers. If Coke wants to stay competitive, it needs to offer consumers products that are more affordable. As we say in our book, "Coke has the most to gain and the least to lose from offering consumers products that are cheaper and
