-In battle, you control a powerful party of up to five characters; you can directly control them with the touch of a button. -Gain EXP points by engaging in battle, and bring your characters to the next level. It is possible to level up all the characters in your party. -In addition, there are a variety of character strengthening skills and skills to increase the damage or magic power of a specific character, various benefits, and various other things. -The maximum level of character is 8. GAME MODE SUMMONING HERO In Summoning Heroes, you take the role of the Tarnished hero, and call forth a party of heroes who will fight alongside you. In order to reach the goal of the story, you must create a party of powerful adventurers and then battle your way through the world. By defeating enemies and collecting the rewards, you increase your Tarnished weight, allowing you to summon more powerful and higher-leveled heroes from the Tarnished Hero's Book. Using the Tarnished Hero's Book, you can form a party of heroes, and then build up your stats and skills by obtaining experience points through battles. Experience points increase the weight of your heroes, allowing you to summon them. SUMMONING HERO is a party-based game that is easy to learn. You can enjoy the deepest party-based action RPG experience by summoning powerful heroes from the Tarnished Hero's Book. The Tarnished Hero's Book is available from the 2nd of December, and through the 30th of November. SUPER BATTLE In addition to Summoning Heroes, there will be a battle mode called Super Battle. In this battle mode, you select a monster from the Mana Shop, and fight with it using the skills and techniques of your party. After the end of a battle, your team's overall skill and statistics will be

displayed. Any monster that has been defeated will drop item drops. Players can also acquire item drops through a combination of factors. If you have defeated any monster, received an additional battle bonus from your party, or performed a task that has been marked as a reason to receive item drops, you will receive item drops. • Skill point gatherers You can also use your skill points to improve your skills. You can use any skill points you have remaining after a battle to increase a skill, with the exception of skills that consume SP.

A multidisciplinary approach to ankle arthritis. Thirty patients with ankle arthritis who had failed previous conservative therapy underwent arthrodesis surgery. The goal was to decrease pain and improve function and alignment. Additional therapeutic measures included amelioration of local infection, relief of mechanical stress, and avoidance of malunion, nonunion, or serious structural complications. Preoperative criteria included failed conservative, intra-articular, or extra-articular surgical or nonsurgical treatment. All patients had failed conservative treatment of at least 6 months' duration. The average age of the 30 patients (6 male
