2019-08-28T10:00:52+0000 Get on and enjoy the ride - welcome to Hamburg's articulated buses! "Three Generations" is the first addition specifically designed for OMSI 2 using the latest software and graphics. The supplement includes 18 buses that can now be unlocked. The supplement also includes new and additional areas to explore, as well as additional content for the game that has never been used before.
